FAITH

DEAR FRIENDS,

2020 - enough said, right? Surprisingly, it started and ended on a strong note and for completely different reasons. This year has taught us so much about adapting, asking for help and finding the silver lining.

In January, we were fresh off a year that brought growth in membership and donations. Our ability to serve grew and we were so proud to be a vibrant part of our community. Early in March we celebrated with an amazing Community Dinner and before we knew it, the world changed. On March 14, we learned we had to shut down the Y. Like everyone else, we never imagined that would happen. Those were dark times for our community, our country and our world. Despite the devastation, we knew we could not stop serving. Even when our buildings are empty, the Y never closes. We activated our team to respond to critical needs in our community and learned the Y is forever adapting.

Families were in crisis with the need for childcare and food — many parents were essential workers but without care for their children, they would not be able to work. Without school, many children would go without food because they are fed

through school meal programs. We quickly opened emergency child care for children of essential workers and delivered more than 5,000 meals every week to neighborhoods in need.

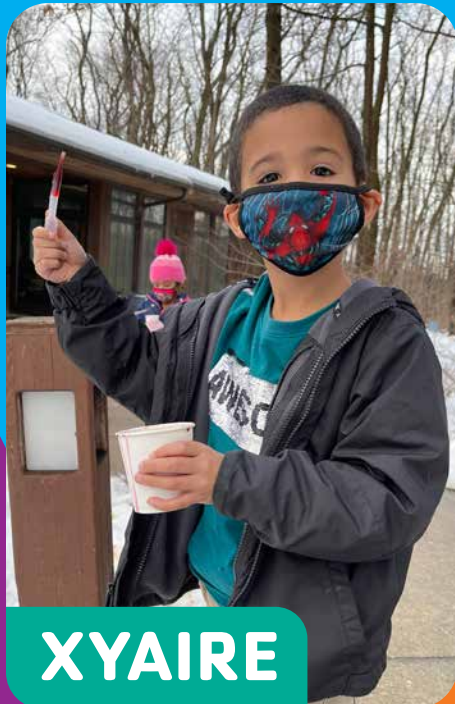

Fitness classes moved outdoors for safety and now, online offerings are keeping people moving and healthy. We opened Camp Winnebago over the summer and implemented safety procedures that allowed us to safely serve campers. We watched as children ran in the outdoors, forgetting about the pandemic for a while.

We have never experienced a more emotional year - grief, exhaustion, and sadness, were met with joy, endearment, and happiness. We were blown away by the number of members who #stayedwithus through the pandemic and continued to pay membership fees even when the Y was closed. For you, we are #forevergrateful. Many of you sent gifts and notes encouraging us to move forward and reminding us that you cared and were praying for us. You carried us through an unpredictable and unprecedented year. During a time when we were caring for our community - you wrapped your arms around us and lifted us. Thank you!

BRENT PENTENBURG

XYAIRE

COLTON

CAMP ADAPTS TO CHANGING NEEDS

For 53 years, Camp Winnebago has been a place where children spend their summers exploring our 160 acres of wilderness, building friendships and feeling a sense of belonging. Saying goodbye at the end of summer is always hard, but we feel good knowing everyone is ready to tackle another school year. However, 2020 was different and we needed to adapt.

Colton and Xyaire are in Kindergarten — a big milestone! What should have been excitement heading into the year — going to school for the first time, feeling like a big kid, having fun, learning new things and making new friends — was overshadowed by fear and uncertainty. COVID changed everything and parents had to decide between in-person learning at school or remote learning.

“We worried about the possibility of having to take him out of school due to quarantine and school being remote only,” said Brittany Popham, Colton’s mom. “We both work full-time and would not have child care in that situation.”

The Pophams were not alone. The Camp Winnebago team was getting a lot of questions regarding if Camp was going to offer any child care programs in the fall for remote learning.

“We knew we needed to come up with a way to support our families,” said Rachel Latham, Executive Director of Camp Winnebago.

A new program was created - Camp C.A.R.E.S. CARES stands for Childcare and Recreation-Enhanced Studies and includes child care, remote learning support, and supplemental activities to enhance the students’ academics, such as arts, crafts, music, exploration, and many other traditional camp activities.

“For the first time ever, Camp Winnebago stayed open into the school year.

We had one week after summer camp ended to transform our spaces into classrooms and to build relationships with teachers at five different school districts to support our kids," said Rachel.

Kelley Branch, Xyaire's mom, is grateful for the program. In addition to the stress of COVID, she and Xyaire were going through a traumatic family situation and they had lost their child care provider before summer. Rachel and the Camp Winnebago team welcomed Xyaire with open arms.

"Camp Winnebago came along at a very hard time for me...it was a blessing and it remains a blessing," said Kelley. "I know my child is loved there and he is learning a lot. His moral compass is expanding."

Kelley shared that she was struggling financially and the Y helped with a Camp scholarship. She knows that scholarships are possible because of generous donors and wanted to find a way to give back, so she is donating her time to the Camp Winnebago advisory council.

"Everyone there is invested in those kids and you see it. The staff isn't just there for a job; they love these kids and it makes me emotional," said Kelley.

The flexibility of remote learning schedules provided opportunities for the counselors to address specific needs for the children that may not have been available to them in their traditional classrooms.

"We use hammocks for reading when kids didn't want to read at their desks. We have an outside area to run and burn energy when ADHD demanded a break from the screen," said Rachel. "The icing on the cake is the friendships that have been made within each of the groups. New friends, from different school districts, a new community!"

Camp CARES has helped students and families transition back to school as well. The Poppens chose to send Colton back to school, but admit it was not an easy decision.

"He had so much fun at camp and made so many new friends. It was tough to pull him from that atmosphere. Colton has never enjoyed a learning atmosphere as much as he did at Camp CARES," Brittany said.

We are blessed to have been a part of this milestone year for our kiddos. There have been tough days, but together we have persevered and adapted. We are thankful for the extra time we have been given with our campers 00 That's certainly been a silver lining!"
